INDEX TO VOLUME 118

A

Abbott, Kenneth H.: Metastasizing Intracranial Tumors, 343.
Abdomen, Gunshot Wounds of the, 780.
Abscess of the Lung, Acute Putrid, 656.
Absorbable Cotton, Paper and Gauze, 116.
Ackman, Douglas: Planned Timing in the Treatment of Wounds and Infections by Means of Infrequent Occlusive Dressings, 921.
Acute Postoperative Necrosis of the Liver, 149; Putrid Abscess of the Lung, 656.
Adams, Raymond D.: Changes in Brain Volume and Blood Content After Experimental Concussion, 619.
Addendum: 750.
Adrenal Cortical Extract, Further Experiences with the Use of, in Burn Shock, 982.
Advances in Spinal Anesthesia, 971.
Allen, Arthur W.: Thrombosis and Embolism, 728.
Altemeier, W. A.: Peroxide Ointments, 741.
American Surgical Association, Transactions of the, 161.
Amino-Acids, Serum and Plasma in the Replacement Therapy of Fatal Shock Due to Repeated Hemorrhage, 225.
Amputation Neuroma in Nerves Implanted in Bone, 1052.
Amylase, Serum, Use in Acute Trauma to the Pancreas, 594.
Analgesia, Continuous Caudal in Surgery, 945.
Andrus, William DeWitt: Effects of Pedicle Grafts of Jejunum in the Wall of the Stomach on Gastric Secretion, 499.
Anesthesia, Advances in Spinal, 971; (Ether and Cyclopropane) Effects of, Upon the Renal Function in Man, 717; Convulsions during General, 130.
Aneurysm Cured by Cellophane Fibrosis, Subclavian, 478.
Animal Experiments with Tannic Acid, 417.
Announcement: Finney-Howell Research Foundation, Inc., 1076.
Anterior Root Stimulation, Effect on Sympathetic Nerves to Pupil and Upper Extremity, 647; Sacral Meningocele, 913.
Aorta, Traumatic Rupture of the Thoracic, 1071.
Ariel, Irving: Metabolic Studies in Patients with Cancer of the Gastro-Intestinal Tract, 366.
Arteries, Coronary, Communications Between, Produced by the Application of Inflammatory Agents to the Surface of the Heart, 34.

B

Baker, Roger Denio: Animal Experiments with Tannic Acid, 417.
Barcham, I. S.: The Coagulability of Venous Blood of Normal and Diseased Legs, 482.
Bargen, J. Arnold: The Spread of Carcinoma of the Rectum: Invasion of Lymphatics, Veins and Nerves, 76.
Barsky, Arthur J., Maj.: Use of One Flap to Restore Extensive Losses of the Middle Third of the Face, 988.
Basic Principles in the Treatment of Thermal Burns, 187.
Battle Wounds of the Head, Experiences with, 1.
Beck, Claude S.: Communications between the Coronary Arteries Produced by the Application of Inflammatory Agents to the Surface of the Heart, 34; Principles Underlying the Operative Approach to the Treatment of Myocardial Ischemia, 788.
Beck Operation, Clinical Appraisal of the, 807.
Bed Sores, Protein Metabolism and, 1015.
Benson, Raymond: Nonmeckelian Diverticula of the Jejunum and Ileum, 377.
Bladder, Primary Osteogenic Sarcoma of the, 887.
Blades, Brian: Conservation of Lung Tissue by Partial Lobectomy, 353.
Blood of Normal and Diseased Legs, The Coagulability of Venous, 482.
Blood Vessels, Tumor of, Featuring Vascular Endothelial Cells; Hemangio-Endothelioma, 445.
Bohrer, John V.: Review of Acute Infections of the Mediastinum, 1079.
Boldrey, Edwin: Amputation Neuroma in Nerves Implanted in Bone, 1052.
Bone, Amputation Neuroma in Nerves Implanted in, 1052.
Bones, The Choice of Operation for Delayed and Nonunion of Long, 665.
Book Reviews: Abdominal and Genito-Urinary Injuries, Military Surgical Manuals III, National Research Council, Reviewed by Walter Estell Lee, 488; Acute Infections of the Mediastinum. Reviewed by John V. Bohrer, 1079; Endoscopic Prostatic Surgery. Reviewed by Thomas J. Kirwin, 920; First Aid, Surgical and Medical. Reviewed by William V. Healey, 488; The Hemorrhagic Diseases and The Physiology of Hemostasis. Reviewed by Leandro M. Tocantins, 487; Obstetrical Practice. Reviewed by Harvey B. Matthews, 1078; Renal Lithiasis. Reviewed by Leon Herman, 1077; The Sexual Glands of the Male. Reviewed by Leon Herman, 1077.
Boys, Floyd: Experimental Studies on Peritoneal Adhesions: Fourth Report—Sulfonamides with and without Heparin, 612.
Brain Volume and Blood Content After Experimental Concussion, Changes in, 619.
Breast Amputation, Skin Removal in Radical, 694.

Breast, Carcinoma of the, II—Criteria of Operability, 859; (continued), 1032.
Brooks, John R.: Changes in Brain Volume and Blood Content After Experimental Concussion, 619.
Browder, Newton C.: Problems of Protein Nutrition in Burned Patients, 215.
Bruckner, John P.: Stab Wound of the Heart, 46.
Burch, John C.: Pilonidal Cysts and Sinuses, 706.
Burns, Basic Principles in the Treatment of, 187; A Clinical Test for Differentiating Second from Third Degree Burns, 427; Liver Necrosis in, 402; The Study of the Prevention of Infection in Contaminated Accidental Wounds, Compound Fractures and, 171; Surface Treatment of, 761.
Burn Shock, Further Experiences with the Use of Adrenal Cortical Extract in, 982; Particular Reference to Experimental Hemorrhage and: Gelatin as a Plasma Substitute, 193.
Butt, Hugh R.: Management of Ulcers Among Naval Personnel, 489.

C

Campbell, Kenneth N.: Effects of Ether and Cyclopropane Anesthesia Upon the Renal Function in Man, 717.
Cancer of the Gastro-Intestinal Tract, Metabolic Studies in Patients with, 366.
Carcinoma of the Breast: II—Criteria of Operability, 859; (continued), 1032; of Duodenum, 838; of the Hyperplastic Thyroid, A New Concept Regarding the Origin of so-called Primary, 843; Pancreatectomy for, 603.
Caudal Analgesia, Continuous, in Surgery, 945.
Cellophane Fibrosis, a Subclavian Aneurysm Cured by, 478.
Cells, A Tumor of Blood Vessels Featuring Vascular Endothelial; Hemangio-Endothelioma, 445.
Chandy, Jacob: A Subclavian Aneurysm Cured by Cellophane Fibrosis, 478.
Changes in Brain Volume and Blood Content After Experimental Concussion, 619.
Child, Charles G., III: Carcinoma of Duodenum, 838.
Choice of Operation for Delayed and Nonunion of Long Bones, 665.
Cholecysto-Enterostomy, Choledocho-Enterostomy, and Entero-Enterostomy by Means of Rubber Bands: The Use of Rubber Bands in the Mikulicz Operation, 558.
Choledocho-Enterostomy, Entero-Enterostomy, and Cholecysto-Enterostomy by Means of Rubber Bands, 558.
Choledochus Cyst, 91.
Clinical Appraisal of the Beck Operation, 807.
Clinical Test for Differentiating Second from Third Degree Burns, 427.
Clowes, George H. A., Jr.: The Surface Treatment of Burns, 761.
Coagulability of Venous Blood of Normal and Diseased Legs, 482.
Coley, Bradley L.: Experiences of a Surgical Consultant of a Service Command, 751.
Coller, Frederick A.: Effects of Ether and Cyclopropane Anesthesia Upon the Renal Function in Man, 717.
Collins, Vincent P.: The Peptic Ulcer and Chronic Gastritis, 1005.
Colp, Ralph: Gastric Histology and Subtotal Gastrectomy, 523.
Communications Between the Coronary Arteries Produced by the Application of Inflammatory Agents to the Surface of the Heart, 34.
Compound Fractures, Surgical Principles Opposed to "Rule-of-Thumb" in the Treatment of, 305; and Burns, The Study of the Prevention of Infection in Contaminated Accidental Wounds, 171.
Concussion, Changes in Brain Volume and Blood Content after Experimental, 619.
Congenital Duodenal Obstruction, 372.
Connell, F. Gregory: Partial Fundusectomy (Proximal Gastrectomy), 1000.
Conservation of Lung Tissue by Partial Lobectomy, 353.
Contaminated Accidental Wounds, Compound Fractures and Burns, The Study of the Prevention of Infection in, 171.
Continuous Caudal Analgesia in Surgery, 945.
Co Tui: The Coagulability of Venous Blood of Normal and Diseased Legs, 482; Frotein Metabolism and Bed Sores, 1015.
Convulsions during General Anesthesia, 130.
Corcoran, A. C.: Immediate Effects on Renal Function of the Onset of Shock due to Partially Occluding Limb Tourniquets, 871.
Coronary Arteries, Communications between, Produced by the Application of Inflammatory Agents to the Surface of the Heart, 34.
Correction: 1080.
Craig, W. M.: War Wounds of the Central Nervous System, 635.
Crane, A. R.: Primary Osteogenic Sarcoma of the Bladder, 887.
Cystic Duct Drainage, routine, following Cholecystectomy, 97.
Cysts of the Popliteal Space, Synovial: Clinical Significance and Treatment, 438; (Pilonidal) and Sinuses, 706; Solitary, or Cyst-like Structures, of Pulmonary Origin, the Surgical Management of, 50.

Dandy, Walter E.: Recent Advances in the Treatment of Ruptured (Lumbar) Intervertebral Disks, 639.
David, Vernon C.: The Importance of Fundamentals in Surgical Education, 161.
Davies, A. J. M.: Massive Fibroma of the Scalp, 154.
Davidson, Charles S.: Problems of Protein Nutrition in Burned Patients, 215.
DeCourcy, Joseph L.: Dermoid Cyst of Pancreas, 394.
Diabetes Mellitus, Results of Gallbladder Surgery in, 107.
Dingwall, James A., 3rd: A Clinical Test for Differentiating Second from Third Degree Burns, 427.

Distribution of the Sympathetic Nerves to the Pupil and Upper Extremity as Determined by Stimulation of the Anterior Roots in Man, 647.
DIXON, CLAUDE F.: Nonmeckelian Diverticula of the Jejunum and Ileum, 377.
DONALDSON, GORDON A.: Thrombosis and Embolism, 728.
DOUBILET, H.: The Coagulability of Venous Blood of Normal and Diseased Legs, 482.
DRAGSTEDT, LESTER R.: Some Physiologic Problems in Surgery of the Pancreas, 576.
Drainage, Routine Cystic Duct, Following Cholecystectomy, 97.
DRISCOLL, ROBERT E.: Thyrocardiac Disease, 681.
Duct, Cystic, Routine Drainage, Following Cholecystectomy, 97.
DUNHAM, CHARLES LITTLE: Irritant Properties of Tubing Fluids as a Factor in the Tissue Reactions Observed with Surgical Gut (Catgut), 288; Surgical Gut (Catgut) Tubing Fluid as a Tissue Irritant, 269.
DUNLOP, GEORGE, LIEUT.: Saphenous (Ligation) Resection in the Obese, 1024.
Duodenal Obstruction, Congenital, 372.
Duodenum, Carcinoma of, 838.

E

Effect on Gastric Acidity of Gastro-Enterostomy and Gastric Resection for Peptic Ulcer, 551.
Effects of Pedicle Grafts of Jejunum in the Wall of the Stomach on Gastric Secretion, 499.
EISELE, HAROLD E.: Results of Gallbladder Surgery in Diabetes Mellitus, 107.
ELKIN, DANIEL C., LT. COL.: Gunshot Wounds of the Abdomen, 780.
ELMAN, ROBERT: Amino-Acids, Serum and Plasma in the Replacement Therapy of Fatal Shock Due to Repeated Hemorrhage, 225.
Embolism and Thrombosis, 728.
Endothelial Cells, A Tumor of Blood Vessels Featuring Vascular: Hemangio-Endothelioma, 445.
Entero-Enterostomy, Cholecysto-Enterostomy, and Choledocho-Enterostomy by Means of Rubber Bands, 558.
ERRATUM: 750.
Ether and Cyclopropane Anesthesia, Effects of, Upon the Renal Function in Man, 717.
Experiences of a Surgical Consultant of a Service Command, 751; with Battle Wounds of the Head, 1.
Experimental Studies on Peritoneal Adhesions: Fourth Report—Sulfonamides with and without Heparin, 612.
Experiments with Tannic Acid, Animal, 417.

F

Face, Use of One Flap to Restore Extensive Losses of the Middle Third of the, 988.
FEIL, HAROLD: Clinical Appraisal of the Beck Operation, 807.
FERGUSON, CHARLES H.: Advances in Spinal Anesthesia, 971.
Fibroma of the Scalp, Massive, 154.
Fibrosis, a Subclavian Aneurysm Cured by Cellophane, 478.
FINE, JACOB: Traumatic Shock, 238.
Fixation for Fractures of the Sternum, a Method of, 158.
Flap, Use of One Flap to Restore Extensive Losses of the Middle Third of the Face, 988.
Fluids, Hydrocarbon Content of Nonboilable Surgical Gut Tubing, 285.
Fluids as a Factor in the Tissue Reactions Observed with Surgical Gut (Catgut), Irritant Properties of Tubing, 288.
Fractures and Burns, the Study of the Prevention of Infection in Contaminated Accidental Wounds, Compound, 171; of the Sternum, A Method of Fixation for, 158; Surgical Principles Opposed to "Rule-of-Thumb" in the Treatment of Compound, 305.
FRANTZ, VIRGINIA KNEELAND: Absorbable Cotton, Paper and Gauze, 116.
Fundusectomy, Partial, (Proximal Gastrectomy), 1000.
Further Experiences with the Use of Adrenal Cortical Extract in Burn Shock, 982.

G

GALL, EDWARD, MAJ.: The Surgical Treatment of Malignant Lymphoma, 1064.
Gallbladder Surgery in Diabetes Mellitus, Results of, 107.
Gallstone, Intestinal Obstruction due to a, 101.
Gastrectomy, Gastric Histology and Subtotal, 523.
Gastrectomy, Total, by the Transthoracic Approach, 816.
Gastric Histology and Subtotal Gastrectomy, 523.
Gastric Secretion, Effects of Pedicle Grafts of Jejunum in the Wall of the Stomach on, 499.
Gastritis, The Peptic Ulcer and Chronic, 1005.
Gastro-Enterostomy and Gastric Resection for Peptic Ulcer, Effect on Gastric Acidity of, 551.
Gastro-Intestinal Tract, Metabolic Studies in Patients with Cancer of the, 366.
Gelatin as a Plasma Substitute: With Particular Reference to Experimental Hemorrhage and Burn Shock, 193.
Gelatin, Intravenous, 1058.
GEOHEGAN, WILLIAM A.: Observations on the Distribution of the Sympathetic Nerves to the Pupil and Upper Extremity as Determined by Stimulation of the Anterior Roots in Man, 647.
GITLITZ, ABRAHAM J.: Gastric Histology and Subtotal Gastrectomy, 523.
GOETSCH, EMIL: A New Concept Regarding the Origin of so-called Primary Carcinoma of the Hyperplastic Tyroid, 843.
GOLDTHWAIT, JOEL C.: Changes in Brain Volume and Blood Content After Experimental Concussion, 616.
Grafts of Jejunum in the Wall of the Stomach on Gastric Secretion, Effects of Pedicle, 499.
GRAY, HOWARD K.: Congenital Duodenal Obstruction, 372.
Gunshot Wounds of the Abdomen, 780.
GURD, FRASER B.: Planned Timing in the Treatment of Wounds and Infections by Means of Infrequent Occlusive Dressings, 921.

Gut, (Catgut), Irritant Properties of Tubing Fluids as a Factor in the Tissue Reactions Observed with Surgical, 288.
Gut Tubing Fluids, Hydrocarbon Content of Nonboilable Surgical, 285.
